

An EBD Alert – Technical Error on June Billing

Approximately 800 public school employees have an inaccurate HRA credit amount appearing as a “Previous Balance” on the June Health Insurance Billing Report

The “**CURRENT**” month employee premiums are correct but the “PREVIOUS” employee balance could be wrong by as much as \$60 for some of the employees.

This inaccurate HRA discount only affects the employees who had a status change which added or removed a spouse between October 1, 2007 and December 31, 2007.

System updates should be incorporated tonight to update the discount but the June bill can not be regenerated.

If you remit your monthly premium payment based on the **CURRENT** month employer and employee balances (plus or minus any previously identified over or shorts) then your payment should be accurate and correctly balance.

If you have questions regarding this HRA / Billing Issue, please direct them to Laurie Fowler at 501-683-0179. All other billing inquiries should be directed to your accounting representative.

We apologize for any confusion and hope to have this issue resolved quickly.
